PUBLIC & GOVERNMENT AFFAIRS

Government Affairs

Since 1902, AAA has supported motorists' interests. AAA monitors local, state and federal legislative activity and lobbies for motorists' rights at all levels.

Traffic Safety

AAA clubs support the AAA Traffic Safety Foundation safety research and education programs. School Safety Patrol; DIP, the mature driver improvement education program; and pedestrian safety are on-going programs clubs conduct to enhance safety in the communities we serve.

Public Affairs

AAA North Penn works with other AAA clubs in Pennsylvania and with National AAA in Florida to insure that the best interests of the motoring public are represented before the state and national legislative bodies.

Highways

The building and improvement of the nation's highways has been one of AAA's primary goals since it began in 1902. AAA is dedicated to the principle that highway user taxes should be used only for the acquisition of rights-of-way and the construction of highways, and that these taxes should not be diverted to other purposes. AAA North Penn works with state and local officials in an effort to put user tax dollars to work wisely and efficiently.

Legislation

In our modern society, only organized groups seem to get full recognition of their problems and points of view, and the voice of the motorists is AAA. Since its beginning in 1902, AAA has protected the rights of motorists from unfair and discriminatory legislation and has worked to assure appropriate use of motorists tax dollars and to support all legislation benefiting travelers.

ROADSIDE ASSISTANCE

Emergency road service (ERS) is available 24 hours a day, 7 days a week and is designed to assist you in an emergency when the vehicle you are either driving or riding in becomes disabled.

Eligible Vehicles

The following motor vehicles are eligible for service, provided the vehicle type is one that customarily qualifies for highway registration and is not loaded, altered or constructed in such a way as to cause damage or create a hazard when being serviced. Automobiles, pickup trucks, sports utility vehicles, vans and minivans are eligible for those services which can be safely delivered with standard equipment. Only vehicles that are properly inspected and registered are eligible for Emergency Road Services.

Dual wheel campers/motor homes are eligible for all services except towing, extrication/winching and tire service. Dual wheel unloaded pickup trucks are eligible for all services except tire service. Rented passenger vehicles and commercial vehicles are eligible for service with the exception of taxis and limos. Your membership coverage applies to those emergency and towing services listed in this brochure. AAA membership is only valid for the member's name that appear on the card.

Emergency Services

The following emergency services will be provided to place your vehicle in a driveable condition. If these attempts are unsuccessful after a reasonable effort by the service provider, the towing service provision will apply.

- **MECHANICAL ADJUSTMENTS**

Minor/temporary adjustments will be made in an attempt to enable your vehicle to operate safely under its own power.

- **LOCKOUT/LOCKSMITH SERVICE**

If your keys are locked inside the vehicle, service will be sent to gain entrance. If your keys are lost, broken or the service provider cannot gain entrance to your vehicle, locksmith service up to \$50 will be provided. AAA Plus and Premier locksmith service extends up to \$100.

- **FLAT TIRE**

If your vehicle's spare is serviceable, it will be installed to replace a flat tire.

ROADSIDE ASSISTANCE

Emergency Services (*continued*)

- **MOBILE BATTERY SERVICE**

A battery boost will be provided in an attempt to start your vehicle.

- **MOBILE BATTERY REPLACEMENT SERVICE**

In selected areas, when a AAA member calls for assistance or submits a request online and the problem is believed to be battery-related, a mobile battery replacement vehicle may be dispatched. A trained specialist will test the battery and the vehicle charging system at no cost to the member. If the battery needs to be replaced, the member can request to purchase one, and the specialist will install one on the spot. Battery Replacement Service vehicles carry batteries that will properly fit a majority of cars, SUVs and light trucks on the road.

- **FUEL DELIVERY**

A limited supply of fuel will be delivered to your disabled vehicle to enable you to reach the nearest open service station. Specific brands or octane ratings cannot be promised. AAA Basic members will be charged the current pump price for the fuel. AAA Plus and Premier covers the cost of a limited supply of fuel.

- **EXTRICATING/WINCHING**

Your vehicle will be extricated/winched when it can be safely reached from a normally traveled or established thoroughfare. AAA Plus and Premier provides coverage to include delivery of services by a second truck and operator for one (1) hour at the scene. If special equipment, additional manpower or vehicles are required, the associated costs may be at your expense.

- **TOWING SERVICES**

When your vehicle cannot be safely driven after attempting any of the listed emergency services, your vehicle will be towed to the ERS facility rendering the service, or up to three miles in any direction from the point of disablement at no charge. If your vehicle becomes disabled while towing a light duty trailer, service will be provided for the trailer (excludes fifth wheel trailers). You may be required to pay for trailer towing. AAA Plus provides up to 100 miles of towing. In situations when a member needs a repair facility, AAA Approved Auto Repair facilities are available that meet and maintain AAA's high professional standards.

ROADSIDE ASSISTANCE

Scope of Service

Under your membership, emergency road service will be provided without charge from the nearest available AAA contract facility. AAA covers YOU, not the vehicle. You're protected in any car you happen to be traveling in, whether it's yours, your spouse's, a friend's or even a rental car.

Your service call will include a trip to the disabled vehicle and a reasonable amount of time at the scene to make your vehicle operable. We select ERS facilities for their ability to handle service calls, but we cannot guarantee that these facilities will always have the parts and equipment to make repairs.

When your vehicle cannot be operable upon providing the services listed in this brochure, AAA North Penn will assist you in finding the nearest open place for repair. If a repair facility cannot be located, AAA North Penn will assist you in obtaining lodging or alternative transportation. Charges for service that exceed the benefits listed will be at the prevailing hourly or mileage rate of the region where service is provided.

What's NOT Covered

- Service on a vehicle that's in a safe condition to be driven.
- A second tow for the same disablement.
- Tire or mechanical repairs.
- Service when vehicle has been driven into an area not regularly traveled or hazardous for a service vehicle to reach.
- Service when the vehicle is snowbound. We do not hoist, winch, or shovel out of snow. Service is rendered only after the way is cleared.

ROADSIDE ASSISTANCE

Weather Emergencies

During severe and extended storm periods AAA North Penn reserves the right to suspend or defer service to members whose cars are in a place of safety, such as storage, parking lots, or in a member's own driveway or garage.

How to Obtain Emergency Road Service

Please refer to the information printed on your membership card, Go to www.AAA.com and click on the Road Service Online link, or request from the AAA Mobile App. (When calling 800-AAA-HELP (800-222-4357), your location may be obtained to route your call to the nearest AAA Roadside Assistance Center). Wait with your vehicle, after placing the call, or at a place where you can see it. For your protection, AAA service is not provided unless you are with your vehicle. In extenuating circumstances, an exception may be made if prior arrangements have been made with AAA North Penn.

When Traveling

If outside of our eleven county area of Lackawanna, Lycoming, Bradford, Monroe, Pike, Potter, Sullivan, Susquehanna, Tioga, Wayne, and Wyoming. Call 1-800-AAA-HELP (222-4357).

Reimbursement will be based on the prevailing commercial or AAA North Penn paid rate for the region where the vehicle was disabled.

In instances where the AAA contractor access is legally restricted (toll roads, limited access highway), reimbursement for covered services will be provided. If AAA service was available, but not requested, reimbursement may be limited to the amount AAA North Penn would normally have paid for the covered service.

ROADSIDE ASSISTANCE
